

PEACE INTERNATIONAL SCHOOL SCIENCE

THE WEEK THAT WAS

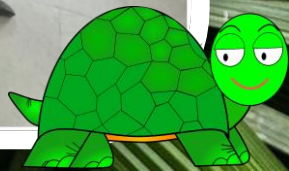

Whoa!

PUZZLE ACTIVITY

The puzzle games for the animals were well-liked by Grade I students.

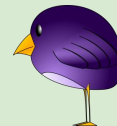

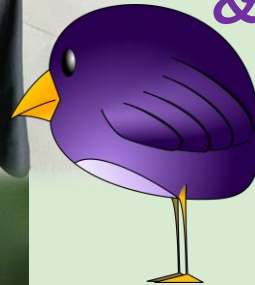

ANIMAL HOMES

Ms. Nijitha demonstrates a bird's nest to the kids and explains how they build their own houses. Grade II Children learned about the various habitats of animals.

Thank you for making those adorable nests for us, dears.

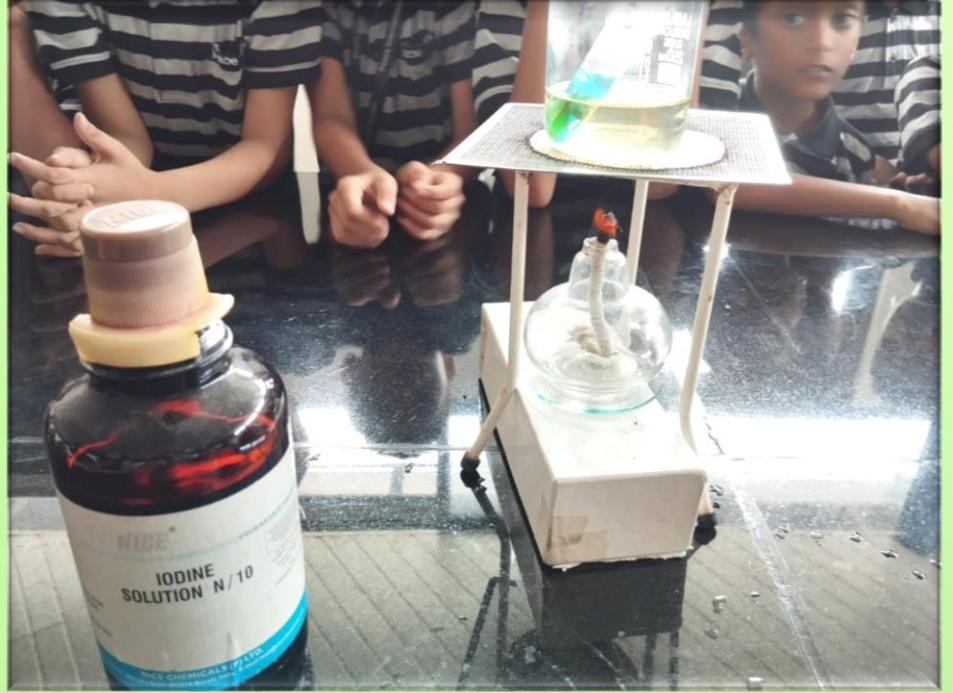

**GOOD JOB SHEZA NAZMIN
& SAIRAA SALAAM**

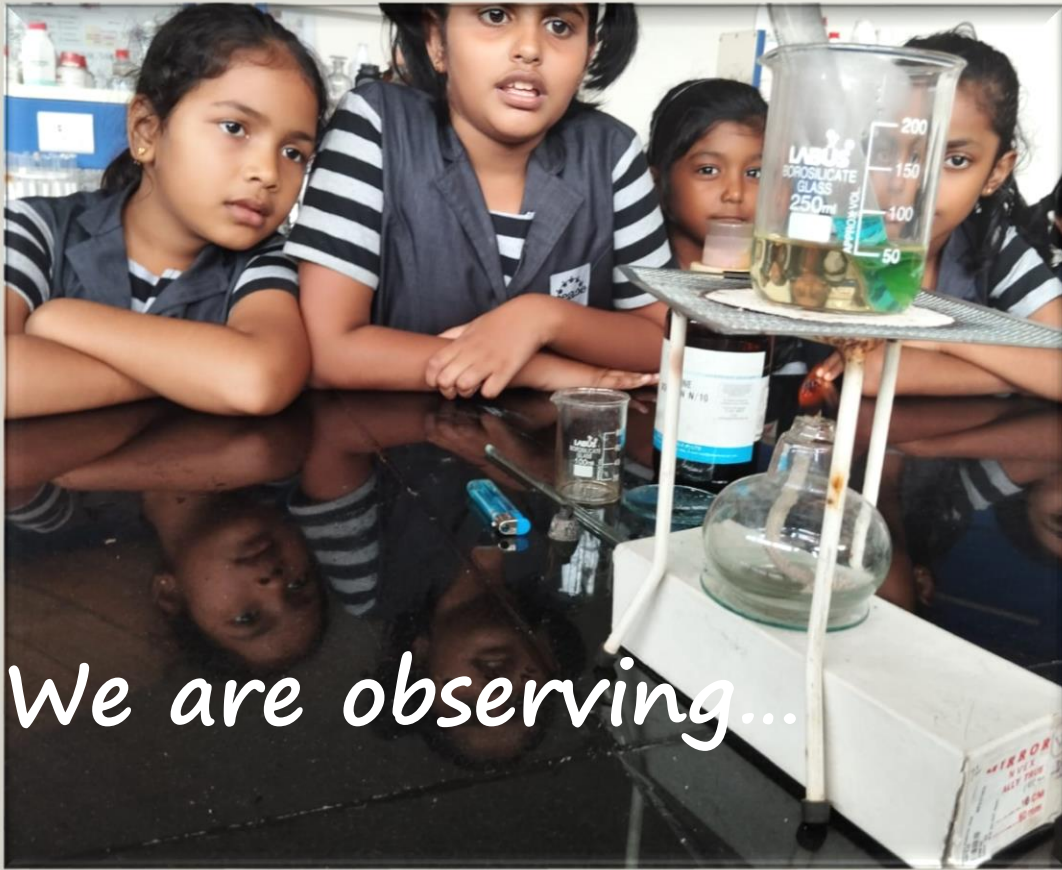

**LET'S GO
TO THE
LAB NOW..**

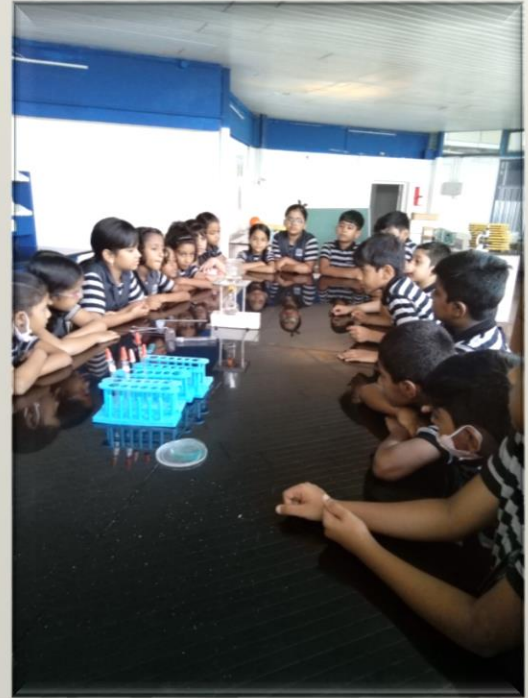

To experiment the presence of starch in leaves

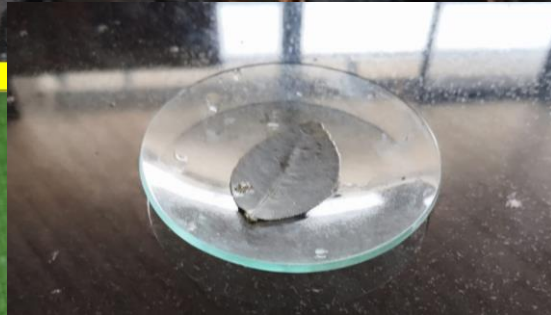

We are observing...

The green colour of the leaf is changing on boiling

GRADE III confirmed the presence of starch in leaves by observing a change in colour when Iodine solution was added.

THANK YOU
