

PEACE INTERNATIONAL SCHOOL SCIENCE DEPARTMENT

GRADES 4-7 JULY

GRADE 4

Green thumbs at work!
Students get creative with charts for
unusual plants.

HABITATS

GRADE 5

Our young explorers discovered the fascinating world of habitats and learned to identify the amazing animals that call them home, understanding how each species adapts to its unique environment.

FOREST HABITAT

OCEAN HABITAT

DESERT HABITAT

POLAR REGION

AQUATIC HABITAT

HABITATS

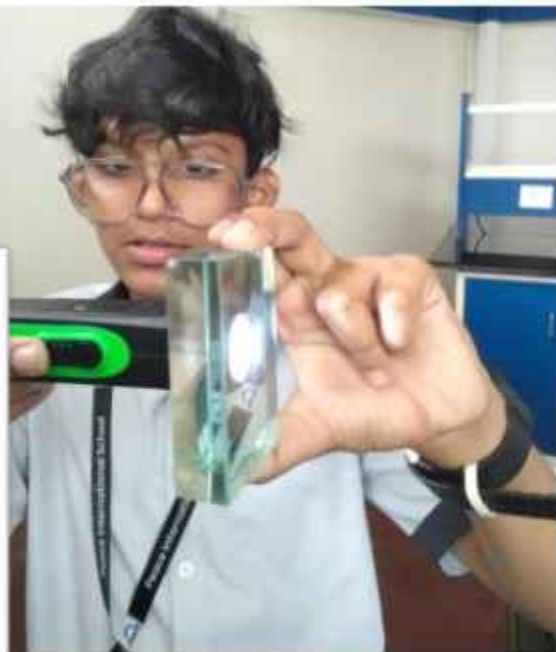

LET'S GO TO THE LAB NOW

GRADE - 6

**Solubility secrets unveiled:
Hands-on learning in the lab!**

TRANSPARENCY

IMMISCIBLE LIQUIDS

MASS

HAPPY LEARNING

Mixing it up! Our young scientists explore immiscible liquids and solubility in a fun-filled lab adventure! ✨"

Mode of heat transfer: **Conduction**

THANK YOU

Well done!

Good work!
