# PEACE INTERNATIONAL SCHOOL

**Department of Mathematics**  
Grade -1,2,3

# GRADE 1

**Fun with Numbers**  
**Our Grade 1 students enjoyed an exciting hands-on activity in addition and subtraction up to 100. Working in teams, the children followed number clues, found the correct numbers, and solved equations displayed. This engaging activity encouraged teamwork, logical thinking, and confidence in math—all while having lots of fun!**

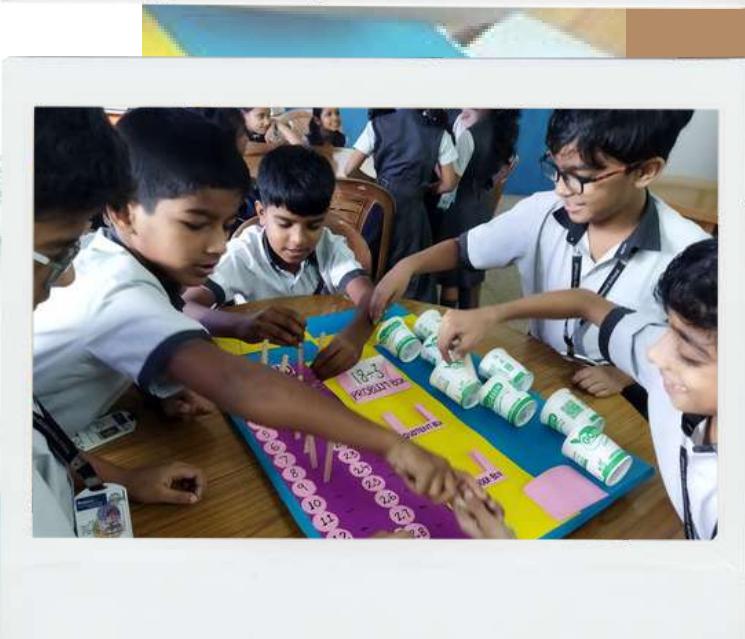

# GRADE 2

**Our passionate Grade 2 students learnt multiplication tables from 2 to 5 using a skip counting board. They also practised multiplication tables from 6 to 10 using coloured counters.**

# GRADE 3

**Our active Grade 3 students practised 2-digit division using the division machine. Through this hands-on activity, they clearly understood the concepts of dividend, divisor, quotient, and remainder.**
